Employer Update

April 2020

❖ COVID-19 Update

The Government has confirmed financial services are essential services that need to continue to operate while New Zealand is on Level 4 in its COVID-19 response.

In view of the current situation, we have taken actions to address the challenges that COVID-19 brings and to avoid any disruption to the services we provide to members of GSF. The Datacom team and the GSF Authority have been successfully working remotely since the start of the Government-imposed lockdown.

Datacom and the GSF Authority remains committed to supporting our members and employers through this time.

Whilst we are not anticipating disruption to our services, we appreciate your understanding for any minor delays that may occur.

❖ Review of Subsidy Rates for FY 2020-2021

Employer subsidy rates are reviewed by GSF's Actuary on an annual basis. Your organisation should have received a letter from Datacom in February 2020 confirming the 2020/2021 subsidy rate to apply to GSF subsidy calculations from the first full pay period after 1 July 2020.

Please contact us if you did not receive a copy of the subsidy rate letter, if you wish to confirm your subsidy rate or if you require any further information about GSF subsidy rates.

Contact Details
